Dear Sisters,

As promised during our video conference last weekend, we are sending you the material for the process towards the Special Chapter 2021 - ***Catching the Dreams***. Please take the time to read the letter from the General Council and Dream Catcher Team as well as the background resource materials they have provided.

From **November 19 through December 17**, we are asking that you engage in personal reflection. During this first phase of Step 1, ***you are not required to produce any written response*** to the questions that are posed.

The questions for Personal Reflection appear on page 10 of the document.

What image do you have here and now of:

- ***Myself as part of the wider Society***
- ***The province***
- ***The region***
- ***The international Society***

In early December, we will be sending some guidelines for your group discussions. A variety of groups will have time to meet in person or virtually from mid-January through mid-March 2019. The four questions for this second phase appear on p.11 of the document. The Dream Catcher Team are hoping that groups will write a one-page response to each of these questions. Responses are due by March 31, 2019.

For those who wish, we have also attached to the e-mail a short tutorial on accessing information on rscjinternational.org

May the Spirit provide wind for our sails as together we embark on this new journey.
